NEW PRODUCTS

FlexREACH System™

Cut, prune and saw with the all-new FlexREACH System™ from Corona® Tools. This innovative modular system combines our tree pruner and RazorTOOTH Saw™ blade into one easy-to-use, extendable pole saw. Simply lock your pruner or saw head into place and extend the pole to make quick work of cutting or pruning hard-to-reach branches. For lower branches, simply detach the saw blade to use it as a hand saw. Easily store and transport your FlexREACH System by collapsing it to a mere 5 ½-ft. Pole, pruner and saw heads sold separately.

TP13001 Detachable Saw Head

- Can be used as a hand saw or attached to the pole to cut branches that are out of reach
- RazorTOOTH sharpness and 3-sided teeth cut 2X faster
- Durable hardened steel
- Lifetime warranty

TP13005 Pruner Head

- For cutting branches and limbs up to 1 ¼-in
- Dual-pulley power requires less effort
- Heavy-duty smooth action chain drive system
- Ergonomic angled head
- Lifetime warranty

TP13489 Extendable Pole

- Extends to 15-ft; collapses to 5 ½-ft
- Fiberglass safety outer pole
- Aluminum lightweight inner poles
- Use with TP13001 Saw Head and TP13005 Pruner Head
- Telescoping pole collapses for easy transportation and storage
- Lifetime warranty

YardEssentials

ComfortGEL®

Lawn and Garden Tools

Introducing Corona's newest line of lawn and garden tools with ComfortGEL® grips for exceptional comfort and control. We've engineered and developed this range of tools to provide you with hand-held solutions to cultivate, weed, till and maintain your property. Repair your lawn, edge a border or prepare a garden bed with comfort and innovative features.

GARDEN TILLER

SoilRIPPER

with ComfortGEL® grip

LG 3624

- Used for tilling soil and the development of seed-rows in gardens
- A substitute for rototillers in small developed gardens or raised-bed gardens
- Durable, heat-treated high carbon steel tines versus cast aluminum
- Self-sharpening, large 9-in wide x 6-in long steel tines
- All metal footplate will withstand high-load bearing pressure
- Quick release plunger to push out dirt and mud clots from tool between submersions into soil
- Lifetime Warranty

U.S. Patent D838,150

GARDEN & SOIL CULTIVATOR

DiscCULTIVATOR®

with ComfortGEL® grip

LG 3634

- 3 tine-configurations for different uses: weed, aerate and till soil
- Three, easy to adjust sets of detachable rotational tines
- Large steel tines quickly break up soil and are self-cleaning
- All metal footplate versus plastic for added durability
- 60-in long angled handle for enhanced leverage and reduced back strain
- Lifetime Warranty

U.S. Patent D845,093 and D868,552

SIDEWALK & BORDER EDGER

EdgeMASTER™

with ComfortGEL® grip

LG 3684

- Quick clean cuts in grass, sod or soil
- Trim sidewalks or create borders for gardens or flower beds
- Ribbed blade that's self-sharpening, durable, fully heat-treated and made from high carbon steel
- Double-traction grooved footplate supports additional load bearing pressure
- Lifetime Warranty

- 15-gauge tempered steel blade for longer service life
- Large, forward-turned steps for firmer footing
- 30-in wood handle with D grip to help control material being moved, easier to use in close quarters
- Lifetime Warranty

SCOOP SHOVEL

DRAIN SPADE - 16-IN

SS 42011 | 30-IN HARDWOOD D HANDLE

- Designed for efficient moving of light, loose material
- Western-style scoop head with reinforced ribs
- 30-in hardwood handle with D grip to help control material being moved, easier to use in close quarters
- Lifetime Warranty

VALUE SHOVELS

All Value Tools carry a 1-year limited warranty

LIGHT-DUTY #2 ROUND POINT SHOVEL

SS 10000 | 46-IN WOOD HANDLE

- 16-gauge tempered steel blade
- Round point allows easy penetration of a variety of materials

LIGHT-DUTY #2 SQUARE POINT SHOVEL

SS 11000 | 46-IN WOOD HANDLE

- 16-gauge tempered steel blade
- Square-head design for efficient lifting and moving of loose material

LIGHT-DUTY FLORAL SHOVEL

SS 47000 | 42-IN HARDWOOD HANDLE

- 16-gauge tempered steel blade
- Small 6-in x 8-in round point head design for easier use in gardens and tight spaces

STEEL THICKNESS: The LARGER the gauge number, the THINNER and lighter the blade.

HYDROPONIC TOOLS
FLORAL SHEARS

Since the late 1920s, when other manufacturers were settling for stamped or cast tools, CORONA® has been forging high-quality, classically designed agricultural shears and snips that deliver superior performance and reliability. Generations later, these same tools are shearing California grape vines, pruning lemon, orange and avocado trees in the Southwest, apples in the Northwest, Midwest and East, while clipping, plucking and shaping landscapes around the world.

MAX | STAINLESS STEEL SHORT CURVED SNIPS AG 4920SS | 1-IN BLADES

- For use in harvesting apples, pitted fruits and berries
- Corrosion-resistant stainless steel blades prevent rusting, are easier to clean and reduce germ build-up

WARRANTY INFORMATION

the CORONA® Promise

The lifespan of a tool is dependent upon frequency of use, as well as, the conditions and environment in which it is used.

Tools used by professionals, everyday, on every job, will more likely wear out long before tools used by occasional or infrequent users. Typically, any defects in materials or workmanship will emerge early in the life of the tool.

CORONA® tools are designed, engineered and manufactured to perform their intended purpose, **Season after Season®**.

Customer Satisfaction is at the top of our priority list, so in the event our tool fails to perform as intended due to materials and/or workmanship, **CORONA®** promises to provide a solution based on our three product lines and associated warranties.

WHAT'S COVERED

CORONA® TOOLS are guaranteed to be free of defects in materials and workmanship. The tools are backed by either by a One-Year or Lifetime Warranty. Visit coronatoolsusa.com for product warranty details.

If a Corona Tool is found to be defective due to the manufacturing process or the materials used, **CORONA®** will replace it free of charge once the tool has been returned along with the original proof of purchase.

WHAT'S NOT COVERED

CORONA® is dependable and trustworthy and we rely on our customers to be the same. We do not and cannot cover normal wear, lost or stripped parts, altered or modified products, or product damage due to negligence, misuse, or abuse. **OUR DEFINITION OF ABUSE-** Using a tool in a manner for which it was not designed.

PRODUCT SUBSTITUTION

CORONA® will make an effort to replace any defective tool with one that is similar. If, for any reason, this is not possible, **CORONA®** may choose to satisfy your claim by substituting a different product.

GENUINE REPLACEMENT PARTS

All **CORONA®** tools are built to last, but certain components will wear out after heavy or repeated use. That's why we offer genuine replacement parts for most MAX products. Visit coronatoolsusa.com to see available replacement parts by item number, or contact the **CORONA® Customer Experience Team** for more information at the number noted below.

MAKING WARRANTY CLAIMS OUTSIDE THE U.S.

The warranties outlined here apply specifically to products purchased in the United States. If you purchased your product outside of the U.S., your local **CORONA®** distributor's standard product warranty will apply. Outside the U.S., warranty claims can be made by returning the tool to where you bought it within the relevant time frame, along with its packaging and original proof of purchase.

Corona reserves the right to ask Dealers and Distributors to send in product photo and contact information for a warranty claim. In some cases, a Return Merchandise Authorization (RMA) number may be required for product returns.
